

We would like to thank all of you who attended the 2007 North American Shuffleboard Championships™, and everyone in the shuffleboard community who has supported the NASC™ over the years.

In order to maintain the highest possible standards for this Tournament, all 24 of the Shuffleboard Tables used for the NASC™ will be refinished shortly after the first of the year. After that process has been completed, any boards which we are not satisfied with will be replaced.

After careful consideration, we have chosen Champion Shuffleboard to handle this project. One of the primary reasons for this decision is that Champion's finishing room has the capacity for 30 boards. Therefore, all of the NASC™ tables can be done at the same time, under the exact same temperature and humidity conditions, to insure the highest quality results.

We remain committed to sparing no effort or expense to insure that the NASC™ will continue to set the standard as the best shuffleboard tournament in the world.

We look forward to seeing you back at the Sands Regency Casino Hotel October 25 - November 2 for the 19th Annual NASC™. Thanks again for your support and Happy Holidays to all of you and your families.

John McDermott Jay Thiel
Tournament Director Vice President/General Manager, Sands Regency
